

AP2HI

Indonesian Pole & Line
and Handline Fisheries Association

Jakarta, 8th June 2023

Ref : 016/C/AP2HI/VI/2023

Subject: Adoption Statement

To Whom it May Concern,

Time Bound Statement with Targets: Founder

As a Facilitator **Founder** Partner with the GDST, Indonesian Pole and Line and Handline Fisheries Association (AP2HI) endorses the *GDST Standards and Guidelines for Interoperable Seafood Traceability Systems* and is committed to its adoption and implementation across the seafood sector worldwide. We recognize that, although implementation of GDST standards may require a phased approach:

- 1) Interoperable traceability is vitally important to responsibly produced, globally traded seafood;
- 2) GDST Core Normative Standards are mandatory for full and proper implementation of interoperable traceability;
- 3) Participation in the Dialogue process gives GDST partners a voice to help effect change and evolve the standards.

As a Founder level Partner, our organization will work to adopt and implement the GDST standards within our operations within the next 3 years and will define/share specific measurable targets for adoption and implementation with GDST.

Authorized signer of Indonesian Pole & Line and Handline Fisheries Association (AP2HI),

Janti Djuaeni
Chairwoman
