Time-Bound Adoption Statement: Endorser

As a Solution Provider **Endorser** Partner with the GDST, Agritrack SA endorses the [GDST Standards and Guidelines for Interoperable Seafood Traceability Systems](#) and is committed to its adoption and implementation across the seafood sector worldwide. We recognize that, although implementation of GDST standards may require a phased approach:

- 1) Interoperable traceability is critically important to responsibly produced, globally traded seafood.
- 2) GDST's Core Normative Standards are mandatory for interoperable traceability implementation.
- 3) Dialogue participation gives GDST partners a voice to effect change and help evolve the standard.

As an **Endorser** level Partner, Agritrack SA will work to adopt and implement the GDST standards **in our solution(s)** within the next **two** years.
